

HOW TO...

... check your patient encounter and procedure logs.

For information about completing log entries, please review the Voice-Over-Powerpoint that is posted in Blackboard. To check your encounter and procedure entries, log in to One45 (<https://cmsru.one45.com>). When you log in, you will land on your To-Do page.

The screenshot shows the One45 dashboard. On the left is a dark blue sidebar with a white header area containing a profile picture and the text 'Student (2022)'. Below this are several menu categories: 'To Dos 8' (with a sub-menu: Personal Info, Contact List, Handouts & Links, Pt/Procedure Logs), 'EVALUATION' (with a sub-menu: Evaluations), 'SCHEDULES' (with a sub-menu: My Calendar, My Rotations, My Courses, Vacation/Leave), and 'ADMINS ONLY' (with a sub-menu: Low Performance, Admin Status). The 'Pt/Procedure Logs' item is circled in red, and a red arrow points from it towards the right. The main content area has a white background and is titled 'To Dos: 6'. It contains a section 'Forms to complete (2)' with the instruction 'Please fill in the forms you see here' and a table with columns 'Target' and 'Activity'. Below that is a section 'Results (4)' with the instruction 'Please confirm your results by answering the question at the end of the following: (*if you are unable to click a result below, please complete your outstanding forms above or you may have to wait until the end of the session dates.)' and a table with columns 'Evaluator' and 'Activity'.

In the left menu, click on Pt/Procedure Logs. The Class of 2022 should use only the CMSRU Log Book 20-21 to log their encounters and procedures.

The screenshot shows the 'PT/PROCEDURE LOGS' page. The left sidebar is the same as in the previous screenshot, but now 'Pt/Procedure Logs' is selected and highlighted in white. The main content area has a white background and is titled 'PT/PROCEDURE LOGS'. It contains two log book options, each with a yellow header bar: 'CMSRU Log Book 19-20' and 'CMSRU Log Book 20-21'. Each option has a green plus icon and the text 'Create new log entry'. Below each option is a 'Reports' section with three sub-items: 'Overview', 'Search log entries', and 'Expectation Summaries'. A red box highlights the 'CMSRU Log Book 20-21' section, and a red arrow points from the text above towards this box. At the bottom of the 'CMSRU Log Book 20-21' section is a button labeled 'View old logs'.

In the Pt/Procedure Log page, click Search log entries.

- ▶ Expectation Summaries

To search all submissions, the start date should be July 1 of the current academic year and the end date should be the current date. After choosing the dates, click the Search entries button. This will open a new “CMSRU Lob Book” browser page/window that shows a very detailed report. You can edit or delete entries. You can also print a full report.
