Meeting Dates

June 28, 2024

2023-2024 Highlights of Committee Work

1. On Friday, June 28, 2023, the committee virtually met.
2. The committee chair, Dr. Pandey, greeted attendees and requested feedback on the CMSRU Bylaws as of July 2024.
3. Committee members reviewed the draft and provided feedback on potential revisions.
4. The primary alteration in the draft is the omission of section 13.8, "Hearing body of students right"
5. Some small adjustments were made to the draft, such as redefining committee tenure terms in "section XIII. Committees" and adding one extra criteria for committee service. It had the following description: "The Curriculum Committee, Advisory Committee on Appointments and Promotions and Admissions Committee are considered time intensive committees, faculty may not serve on more than one of these 3 committees at any given time".

2024-2025 Future Goals and Plans

Drs. Kim and Pandey will present Dean Reboli with the suggested amendments and revisions for further discussion.
