

PRIVATE / ALTERNATIVE EDUCATION LOAN REQUEST FORM

Students can apply for a credit based Private/Alternative Education Loan directly with any lender they choose and submit the Private/Alternative Education Loan Request Form to CMSRU Financial Aid Services **after the credit check is approved**. Private/alternative education loans require a credit check.

Students must determine the amount of funding to request, choose a lender, and confirm loan interest and repayment options. Students may not exceed their cost of attendance budget. If additional funding is needed after this form is submitted, students must submit a new application through the private lender directly.

Students must research private/alternative education loan financing options carefully, as private loan stipulations may vary widely per lender. Rowan University (RU) provides a [list of private/alternative loan lenders](#) who provided loans to RU students over the last several years. Rowan University does not endorse any particular lender. Borrowers can review/compare lenders via [ELM Select](#).

Please submit this form to CMSRU Financial Aid Services. Students are required to confirm receipt.
